OUR THANKS

We wish to thank our many customers for their patronage, and also for the kind letters and cards we received last year. This year your iris should bloom and we hope you will be as pleased with the flowers as you were with the rhizomes you received.

Garden Visitors Welcome

Come and enjoy the flowers and remain as long as you please. Orders accepted but not solicited.

Our garden is located less than one block from West River Road, approximately halfway between the west approach to the Franklin Avenue Bridge and the Lake Street Bridge. Those coming from South Minneapolis should drive north from Lake Street on 36th Avenue to East 26th Street, then two blocks east to 38th Avenue South. There is no underpass under the Milwaukee R. R. tracks between 36th Avenue South and West River Road.

Terms and Shipment

Cash with order. Check or Money Order. Postage prepaid on all orders of \$3.00 or more. Orders for less than \$3.00, add 25c for postage and packing. Shipment will start about July 15th. Be sure to give date you wish to receive your order.

Orders in the Twin Cities will be delivered free if within a reasonable distance and if at our convenience. If you live in a suburban area or if delivery is wanted on a certain date, your order must be paid in full and will be sent by parcel post.

Make Your Own Iris Collection

Compare our prices. We offer no collections for 1953. Our reduced prices enables you to make your own collections choosing varieties you do not have.

SURPLUS IRIS SALE

12 for \$3.00, Our Choice

Our surplus iris bargain was very popular last year and is being offered again this year. Peonies and Peony Blooms

We need more room for iris and expect to dispose of most of our peonies. A separate list will be mailed at your request.

Peony Blooms. Assorted \$1.00 per doz. or 10c each.

HEMEROCALLIS (Daylilies)

Daylilies supply more beauty with less care than any other plant we know. No insects, no known disease and no spraying is necessary. Most varieties bloom after the iris and peonies and give life and color to the garden during the hot summer month. For garden effect, try daylilies as a background for red or pink phlox.

Daylilies can be replanted at any time. For garden visitors they can be dug with a ball of dirt around the roots. Order several plants to be delivered with your iris.

We have many new varieties of which we can spare a few plants but have insufficient quantity to list.

Phlox and Chrysanthemums

In former years we propagated phlox and mums and still have a nice collection of the better varieties. To make room for iris we will divide the big plants and offer nice young plants at 25c each. No mail orders please.

Guarantee

We guarantee all stock to be true to name and no substitutions are made without your permission. If you will permit us to substitute when we are out of a certain variety, we will send a much more valuable iris of as near the same color as possible.

BONE MEAL

We recommend and use bone meal to fertilize Iris when planting. 5 lb. bag — 60 cents, cash and carry. No bone meal shipped, but will deliver with Iris orders within the city limits.

HYPONEX

We use Hyponex on Mums, Phlox, Iris, etc., with wonderful results when transplanting or when a quick shot in the arm is needed for backward plants. A supply is kept on hand at all times.

No mail orders, please.
